RAILROAD EMPLOYEES GO ON STRIKE

(Continued from Page 1.)

that some of the strike breakers had been given permission by Governor Dickerson to carry weapons. This caused considerable comment and the wires were kept hot with dispatches to the state's chief executive asking if it were true. The following response received from the governor is self explanatory:

ELY, Nev., April 4.—Every person, not an officer, caught carrying concealed or deadly weapons in the event of a strike on the Tonopah and Goldfield railroad will be arrested and prosecuted if the orders of Governor Dickerson, issued from Ely today are carried out. The report reached here this afternoon that Dickerson had issued commissions to Pinkerton detectives engaged as strike breakers on the Tonopah and Goldfield railroad. This is denounced as a falsehood made for the purpose of aiding in unlawful intimidation. The governor leaves tomorrow morning for Reno and will at once take up the matter and act promptly in bringing anyone to justice who attempts to use the name of Nevada for unlawful purposes.

"The state of Nevada has enough officers to maintain peace and order when such a condition arises," said Governor Dickerson tonight. "I have issued no commissions to Pinkerton detectives or any others to help break any alleged strike on the T. and G. railroad or elsewhere and have no intentions of doing so. If such statements are made they are false and I will use my efforts to bring those who make them to justice."

Governor Dickerson was appealed to today to offer his services in the hope of avoiding the threatened strike and was to leave tomorrow for Reno to more closely investigate the situation. Today's action hastens his departure.

Last evening in discussing the strike situation Sheriff Owens and Chief Malley stated that their offices could not be used to further the ends of either side and while they had arrested four of the strike breakers this did not mean that the strikers were immune from arrest, should they violate the statutes.

"We are the servants of the people and it is our duty to preserve the law and maintain order," they said. "We have not taken sides with either faction in the controversy and any person who violates the law will be called to account, no matter who that person might be. It will be our aim to prevent any violence but we think we have nothing to fear along this line. The carrying of weapons will not be

allowed and all persons caught with guns, not having a permit, will be arrested."

CONGER HAS RESIGNED FROM N. Y. SENATE

By Associated Press.

ALBANY, N. Y., April 4.—Rising to a question of personal privilege in the senate tonight, Senator Ben Conger, after reading a statement in which he declared he fully realized that as a result of the Allds bribery charges his usefulness as a legislator was at an end, and handed his resignation to Lieutenant Governor White to duplicate, which was later filed with the secretary of state. Immediately after handing in the resignation he left the chamber.

AVIATOR TAKES A PLUNGE INTO THE OCEAN

By Associated Press.

ALAMEDA, April 4.—Plunging from a height of 80 feet into the waters of an Francisco bay, Frank Johnson, a local aviator, riding a Curtiss biplane, was nearly drowned this afternoon a mile off shore. The aviator's wife and another witnessed the accident, which caused both to faint. Johnson was rescued by men in a skiff and the machine was towed ashore. Johnson explained that one of the propellers failed to respond as he was about to make a sharp turn.

WILL NOT VOTE ON RAILROAD BILL FOR TWO WEEKS

By Associated Press.

WASHINGTON, April 4.—Declaring that no less than two weeks would be necessary to consider the amendments already offered on the railroad bill, Senator Cummins today resisted the efforts of Senator Hale and Senator Elkins to obtain a movement to vote on the bill next Saturday. The Iowa senator not only objected to the proposition but pronounced it a joke.

Arthur J. Aylesworth (the theatrical magnate), came down from Reno Sunday.
